

INFLAMMATORY BOWEL DISEASE MASTERCLASS WHERE THE GASTROENTEROLOGIST & SURGEONS GATHER TOGETHER

Saturday 27th April 2024

**Bush House
King's College London
London, WC2R 2LS**

The masterclass will be in collaboration with the International Society of University Colon and Rectal Surgeons (ISUCRS), South East Thames Chapter Of The Association Of Coloproctology Of Great Britain & Ireland (ACPGBI) and King's College London and will be held at Bush House, King's College London, WC2R 2LS.

OBJECTIVES

- A live, interactive masterclass to enhance learning.
- A masterclass covering practical issues faced by physicians and surgeons managing patients with IBD.
- Discuss current new IBD treatments and management strategies.
- Consider the current successful medical and surgical treatment of perianal manifestations in patients with IBD.
- Discuss the development and delivery of consistent care models for monitoring patients, diets, and IBD.
- Cover all practical aspects of pouch surgery.
- Explore current and future treatments for pouchitis and pouch-related disorders.
- Examine new approaches to the management of dysplasia in patients with IBD.

ACCREDITATION

CPD/CME points for attendance will be requested from the Association of surgeons of Great Britain & Ireland.

TARGET AUDIENCE

- Gastroenterologist (Consultants & Trainees)
- Surgeons (Consultants & Trainees)
- General practitioners
- Specialist health care workers

PROGRAMME

07:45 - 08:20 Registration & Coffee

08:20 - 08:30 Welcome address: *Joseph Nunoo-Mensah, London, UK & Alex Kent, London, UK*

08:30 - 09:40 Weighing the new approaches to treating IBD

Moderators: *Pasquale Giordano, London, UK, Alex Kent, London, UK & Dr Gareth Parks, London UK*

- NICE approval of positioning biologics and appropriate use of medical therapy. *Prof Naila Arebi, IBD Clinical Lead, St Mark's National Bowel Hospital, London, UK*
- Disease monitoring & treatment targets in inflammatory bowel disease: Evolving principles and possibilities. *Dr Lucy Hicks, Imperial College Healthcare NHS Trust, London, UK*
- Advances in imaging modalities for decision-making in IBD. *Dr Gauraang Bhatnagar, Frimley Park Hospital, Frimley, UK*
- When is it time to call a surgeon? Balancing medical and surgical treatment in inflammatory bowel disease. *Prof Amy Lightner, Scripps Clinic, La Jolla, CA, USA*
- Artificial intelligence for disease management in inflammatory bowel disease: How will it change our practice? *Dr Nick Kennedy, Royal Devon and Exeter NHS Foundation Trust, Exeter, UK*
- Panel discussion

09:40 - 10:30 Perianal Crohn's disease: Is less more in complex perianal Crohn's fistula?

Moderators: *Dr Nick Kennedy, Exeter, UK, Piero Nastro, London, UK & Steve Brown, Sheffield, UK*

- Is there a future for successful medical management of perianal Crohn's fistula? *Prof Seb Sebastian, Hull University Teaching Hospitals, Hull, UK*
- Surgical repair to close Crohn's perianal fistulas! Is this achievable? *Dr David Zimmerman, ETZ (Elisabeth - TweeSteden) Hospital, Tilburg, Netherlands*
- Everything we need to know about stem cells for perianal Crohn's fistula. *Mr Phil Tozer, St Mark's Hospital, London, UK*
- When is it time to call it a day. A proctectomy & stoma is all we have left? *Dr Stefan Holubar, IBD Surgery Section Chief, Cleveland Clinic Main Campus, Cleveland, OH, USA*
- Panel discussion

10:30 - 11:10 Coffee Break

11:10 - 11:40 Debate 'The right therapy for the right patient at the right time'

Treatment of ileal caecal Crohn's disease. Bottom-up medical therapy or top-down surgical approach. *Dr Gareth Parks, Barts Health NHS Trust (For Medical Treatment) vrs Mr Kapil Sahnun, St Marks Hospital, (For Surgical Treatment)*

Moderators: *Dr Sami Hoque, London, UK & Joseph Nunoo-Mensah, London, UK*

11:40 - 13:00 Intestinal Crohn's disease

Moderators: Prof Seb Sebastian, Hull, UK, Dr David Zimmerman, Tilburg, Netherlands & Ms Emma Carrington, London, UK

- The Mesentery - Deciphering the role of mesenteric fat in inflammatory bowel disease or is there something else to consider? Ms Tara Connelly, University Hospital Limerick, Limerick, Ireland
- Preoperative nutritional and medical conditioning for optimal patient outcomes. Dr Rachel Cooney, University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK
- How I do it - Management of Crohn's disease strictures from an endoscopic perspective. Dr Adam Humphries, St Mark's Hospital, London, UK
- Preventing postoperative Crohn's disease recurrence through medical strategies. Dr Kamal Patel, St. George's Hospital, London, UK
- Surgical management of Crohn's disease strictures. Mr Amir Darakhshan, St Thomas Hospital, London, UK
- The Kono-S anastomosis. Is it a viable approach to preventing recurrence of Crohn's disease postoperatively? Prof Steven Brown, Consultant Colorectal Surgeon, Sheffield Teaching Hospitals NHS Foundation Trust, Sheffield, UK. Past President of ASCPGBI 2020-2021
- Panel discussion

13:00 - 14:15 Lunch

14:00 - 14:15 Guest Lecture

Indeterminate Colitis. Is it Crohn's disease or ulcerative colitis? I know what it is. Prof Amosy E. M'Koma, Surgical Sciences, Pathology and Cancer Biology Division of Biomedical Sciences, Meharry Medical College and Vanderbilt University Medical Centre, Nashville, USA

Moderators: Joseph Nunoo-Mensah, London, UK & Dr Rachel Cooney, Birmingham, UK

14:15 - 15:45 All Things Pouch - Outcomes and Management of Pouchitis and Pouch-related Disorders

Moderators: Patrick Dubois, London, UK, Pasquale Giordano, London, UK, Stefan Holubar, Cleveland, USA

- Ileoanal pouch & redo surgery. Prof Feza Remzi, Center for Advanced IBD Care Northwell Health, New York, USA
- Pre-pouch considerations and who to avoid? Mr Niroo Rajendran, Barking, Havering and Redbridge University Hospitals NHS Trust, Romford, London
- Early IPAA operative complications. Prof Paris Tekkis, The Royal Marsden NHS Foundation Trust, London, UK
- Management of pouchitis - The gastroenterologist and surgeons working together. Hannah Gordon, Oxford University Hospitals NHS Trust, UK
- The dysfunctional pouch - identifying and managing it. Mr Valerio Celentano, Chelsea and Westminster Hospital, London UK
- Is there still a place for the continent ileostomy? Prof. Gabriela Möslein, Bethesda Lutheran Hospital, Duisburg, Germany
- Panel discussion

15:45 - 16:15 Coffee Break

16:15 - 16:30 Guest Lecture

When the going gets short. When inflammatory bowel disease turns to intestinal failure. Medical and surgical options. Dr Michael Fitzpatrick, Oxford University Hospitals NHS Foundation Trust, Oxford UK

Moderators: Alex Kent, London, UK & Andy Williams, London, UK

16:30 - 17:45 IBD Dysplasia in Clinical Practice

Moderators: *Hannah Gordon, London, UK, Gabriela Möslein, Duisburg, Germany & Philip Bearn, London, UK,*

- How I to do a good surveillance colonoscopy. *Dr Misha Kabir University College London NHS Foundation Trust, London, UK*
- Help, I've found dysplasia – What next? *Mr Andy Williams, London Bridge Hospital, London*
- EMR & ESD for IBD dysplasia – How to do it? *Prof Bu Hayee, King's College Hospital, London, UK*
- When to give up and surgery is needed. Segmental or proctocolectomy? - *Prof Amy Lightner, Scripps Clinic, La Jolla, CA, USA*
- Panel discussion

17:45 - 18:00 Closing statement

ACCREDITATION

For attendance, 7 CPD/CME points will be provided by the Association of Surgeons of Great Britain & Ireland.
